Roundtable conversation: Upcoming School Conferences

David Westhara asked for feedback.

Any feedback?

Each teacher runs the conferences differently. You only get 15-20 minutes with the teacher. The students have only been in the classroom for a short time.

State your intentions or questions at the beginning of the meeting.

Question: how do you know if the meeting is in person or in Zoom?

Slots were filled very, very quickly to meet with teachers for conferences.

A question: How do we give feedback of the teacher?

Can students be in attendance for school conferences.

Question: Can parents have a agenda for the conference?

Thank you every one for attending. Meeting will be in person in November and a meet and greet with Principal. Hopefully there will be a childcare option for in person meeting. More info to come.

Closing the meeting to a close at 7:49. Come to the Fall dance Party.
